Stock Products

FlairPak Vacuum Pouches
 Flair's signature pouches, compatible with most industrial chamber machines. Durable material, with tight, reliable vacuum for oxygen-free environment.

Retort Pouches
 Withstands thermal processing to protect flavor & nutritional value, while extending freshness & shelf life. Available in gold with product safety warning printed in black.

M-Seal Bags
 Stocked in a variety of sizes & colors, with gloss or matte finish. Available with optional tin-ties & degassing valves.

Rotisserie Bags
 Anti-fog films for fresh rotisserie products, printed with eye-catching graphics. Available as M-seal or stand-up pouch, with gloss or matte finish. Available with permanent tamper-evident seal.

Stand-Up Pouches
 Retail-ready appeal for both food & nonfood products, available in clear, windowed & solid color designs with gloss or matte finishes for desired product display.

Clear Front / Printed Back
 High clarity front for crystal clear product visibility, combined with solid gold or black back for high contrast, eye-catching product display.

Pre-Zippered Pouches
 3-side seal for bottom-filling, with zipper & tear notches to add brand value. Complete with hang-hole for convenient product display.

Rollstock Films
 Available in a wide range of barriers & thicknesses for various applications, including films for HFFS, VFFS, lidding and thermoforming applications.

Market-Driven & Customer-Focused Innovation, Since 1992

Flair Flexible is a privately-held, fully-integrated packaging manufacturer focused on comprehensive support and solutions for your packaging needs, no matter your size or budget. Complete with GFSI-recognized FSSC22000 certification of our food safety management system, Flair's products are FDA, USDA & CFIA compliant for safe solutions you can rely on.
